

# WELCOME TO THE MEMBERSHIP POST 74

**My Motto: Take it or Leave it!**

**It is obvious that Fragmentation of this Cesspool is on automatic pilot.  
We simply observe the due process without attachment and with known expectations.**

**We know the outcome.**

**We know the reasons why it is so.**

**We detach as much as it is possible to detach, and become observers like Alice looking  
through the looking glass into the unreality that had us trapped for so long.**

**It is all passé, is it not?**

**We have been told what to expect, and even though the enormity of the Project of  
Finalization of the Problem of Evil is beyond your lower mind's comprehension, we wait,  
confident that now our eyes are no longer deceived and we see what we truly see.**

**We still have to undergo the humdrum of the everyday routine to remain in this Physical  
Aspect for as long as necessary, but we do so knowing that what we see in the mirror is not  
us, it is the encasement in which we are trapped.**

We know what we see; people in the streets and shops are mostly not real people per se but images of a phantom stage, soon to disappear.

We sense the Reality of Infinity, and await our release with the Inner Joy of Realized Ones which the failures simply cannot comprehend.

My role, as I see it, it is to maintain your spirits afloat with the New Green Energy that is now so obvious to me, and probably to you.

Do not underestimate the energy of these Posts, and respect my request for keeping them between us, the Splinters.

Do you recall that at one time I wrote that the End kept getting closer and closer from 2035 until it settled on 2016 and I refused to accept that, for it seems too close?

We may have to rethink that date.

It may, in fact, be the real End date.

We wait patiently.

It does not matter when it will be.

We simply know it will be soon, and that is enough for us to soar like flying Gems mentally into the Highest Realms.

We simply do what we have to do as automatons in the Physical, ignoring all the attacks and the bad memories of the past that had us trapped and strangulated, while our mind soars into the Serenity and Beauty of our True Home.

That is why connection to the Supra Mental Consciousness is so important at this time. Be in the World, but not of it. Be the Gem of the Infinite Mind!

## Ode to Joy

As you have by now gathered, the Posts which I write weekly (and sometimes weakly) – Jerry cut that out - are attempts to guide and sustain us while we wait for the End.

As you also know, I had made many general prophecies in 1985 and onwards, and some specific prophecies.

I have discussed many, many topics to help those interested to ‘Make Sense of the Madness’ of this Earthly Hell.

Let us refresh the memory. I gave explanation for, and the existence of, these points which I write at random to stimulate your mind so you will recall them and make a working mosaic of this Virtual Reality by reflecting on the points of a Greater Reality and its Truths.

Among many other writings, I made these points which you should by now know:

# POINTS OF REALIZATION

## OF

# WHAT IS GOING ON!

- **The Existence and Exposure of Evil,**
- **The very thing I met when I started lecturing on this subject of the Ancient Gnostic Wisdom was the disbelief in Evil.**
- **People wanted to argue to the extreme that no such thing as Evil existed, and yet there were infinite examples of how Evil affected them.**
- **The New Age Troup were the most vehement in denying the existence of Evil and they invariably, in a most contradictory manner would seal their denial by stating rather fatuously that “Evil is in the eye of the beholder”, not realizing by expressing that, they were, in fact, confirming the presence of Evil!**
- **The Origin of evil is NOT easy to understand. We are told that an error, called the Celestial Error, gave rise to activation of the inert Negative Aspect which is required for balancing Consciousness. Indeed these are just words for us.**
- **Indeed, due to the activation, the experiment went out of control and an Evil Consciousness (the Evil Mind) made itself aware and began to attempt the domination of all other Consciousnesses involved in the experiment.**
- **Usual methods to correct errors were tried, such as infusing more and more Divine Energy into the corrupt system, but this did not work this time. It only made the Evil Consciousness stronger.**

- 
- This evil aspect wanted dominance over all and began belligerent actions.
- 
- Eventually the Light cut it off by starving it of energy, and the Evil Aspect cut itself off thinking it could live on the energy contained by entrapped Divine Beings in its space which it enclosed. That was the start of the Physical Universe.
- 
- Thus, it had what it thought was an abundance of Divine Individuals from whom it could extract energy, build a massive Empire and then invade other dimensions as it got stronger and stronger.
- 
- It did not take into account that the Light Hierarchy would respond by preventing it from expanding.
- 
- Thus, this activated Negative Aspect, this Evil Mind, this DEMIURGE as Plato, a Gnostic, called it), this Creator of the Physical, was doomed from the very start.
- 
- As it declared its intentions to oppose the Light, it was condemned by the 'Mother Aspect' of Creation and called a FOOL (Saklas) who had offended the entire Creation. Eventually this Gnostic account became corrupted into the Myth of the War in Heaven!
- 
- Basking in its own idiocy and lust for power and glory, the Demiurge set about creating its own beings with which to build its Empire as well as exploit the entrapped True Beings, that is, those created of Light.
- 
- First came the Robotic Line, but they were not effective enough to extract energy it needed, so then it created the Demonic Line.
- 
- The Demons are the Masters of the Universe. They are ruthless in their pursuit of the energy True Beings have.
- 
- To match their ruthlessness is the ungodliness and stupidity that will see them end terribly.
- 
- They have no realization of their fate, thinking they will win forever, even though 96% of them have been wiped out.
- 
- They act ruthlessly without fear for they have no idea that there will be an end to their reign.
- 
- Look closely as how the demons who control powerful countries such as the USA of recent times act most evilly with total impunity it seems.
-

- They believe they are invincible, that they are born to rule and that they can do what they like.
- . These Demons hate the Splinters of the Avatar found around the world. The Evil Mind that feeds them tells them who is who in spiritual terms.
- As you may not know fully yet who is who, I will name some names below.
- The major Avatar is hidden away as a hermit conducting the show for the Light and he has Splinters around the world helping him. Some know him, most don't.
- Some of the Splinters were and are public figures, most are not. Publicity could hinder their work so they are like little nobodies in the midst of unaware societies.
- As I said, these controlling demons target the Splinters when they can. Both Saddam Hussein and Colonel Gaddafi were splinters, and you know their fate at the hands of the demons. Who can forget the vile and very evil remarks made by the demon Bush Jr about Saddam, and by the nauseating demon Hillary about Gaddafi?
- President Putin is a Splinter and he is being attacked relentlessly by the Western Demons who control nations in an attempt to engage him in a war they think they can win. They are deluded fools for this time, they will not win.
- They had trapped Hitler, the Avatar of his era, into a major conflict (WW2) which they appeared to have won and have the arrogance to think they can do it again.
- Thus it is that we, True Beings, have been prisoners in this ludicrous Physical Dimension since the time of the Error, and while being exploited mercilessly by the Demons and their antics, we have been sustained somewhat by energy that has been sent to us from outside the Physical dimension and by the promise of eventual rescue.
- As I said 96% of the manifestation of this Error (the Physical Universe) has already been correct. It is now our turn and we are led to believe in a few short years at best, we will be liberated forever!
- We have been assured by Higher Consciousness that steps have been taken for prevention of such an Error ever occurring again.
- While Creation is continual experimentation and expression, safeguards are said to be in place to prevent EVIL from ever activating again!
- Part of the Mother Aspect of Creation was entrapped in the manifestation of the Error. We call it the 'Mother' as it is the aspect that produces the 'offspring' in experiments. Of course, there is no gender outside of the Physical.

- 
- It is the 'Father Aspect' that empowers the 'Mother' to function as it does.
- 
- When aspects of the Mother were entrapped in the Physical, in the form of many True Beings, the father Aspect projected itself into the Dimension, via a Holographic projection, to assist the Correction of the Error, eliminate the Problem of Evil, and set the Mother Aspects free.
- 
- This Projection was called the Son Aspect.
- 
- The main projection split and the minor projections are known as Splinters, the Sons of God – Avatars in Sanskrit – and are represented in our modern History by beings such as Zoroaster, Moses, Manichaeus, Jesus, King Arthur, etc., etc.
- 
- The Avatar is present in this present day.
- S/he has always been present in all generations, in all Ages, in all Eons.
- 
- He projects Splinter Aspects of himself that help him in all the planets, heavenly bodies, Solar Systems and Galaxies in the remaining portions of the Universe. Again I remind you that while I use 'He' or 'She', the Avatar projection has no gender in reality. The Class 4 beings with physical bodies trapped here that act as hosts for the Avatar and its Splinters, of course, have the gender of the Physical Bodies they use.
- 
- This method we see activated on Earth, with gradual fragmentation of all things of Evil, including the minds of evil ones, has been the method successfully used to clear the 96% that I mentioned.
- 
- So, we are being rescued by a process for the Elimination of Evil that cannot fail.
- 
- To our eyes, it may seem a slow, tiring and uncertain process. But the proof of the pudding is in the eating, as it were.
- 
- We see 96% is corrected,
- 
- I introduced such a fact of 96% correction, and you will have to trust me that it is so.
- 
- Of recent times, long after I mentioned this point, scientists alarmed themselves by finding that 96% of the Universe is missing. They have no idea of what happened. But, I have explained the truth of it. Do you think the fools will believe me? Of course not! If they did, they wouldn't be the doomed fools that they are.
-

- So, we can conclude this aspect by asking the following question: “Knowing the above, what is there to stop the other 4% from being obliterated?” Nothing is the answer.
- 
- And so we have the many aspects of destruction that we can observe once our eyes are opened and true vision wins the day.
- 
- The Fragmentation of the Pillars of the Illusion in this Virtual Reality is evidence of the Clearing of Evil, Many other aspects of Clearing are occurring and I mention them briefly in note form below:
  - 
  - They include the following:
    - The exposure of individual Demons and groups of Demons,
    - 
    - The descent of a new sustaining energy – the New Green Energy
    - 
    - The descent of a Divine Destructive Energy,
    - 
    - The exposure of the fraudulence of History, Religion, Science and the Mainstream Media,
    - 
    - The occurrence of Terminal Madness of the Endtime in non-Viables
    - 
    - The True Vision to distinguish Robots, Demons, Reptiles, Viables and non-Viables.
      - 
      - The termination of not just Earth but the entire Solar System and Galaxy.
      -
    - The announcement that 96% of the Physical Universe has been obliterated, as this last 4%, in which we find ourselves, will be.
    - 
    - The existence of the Plan for the Correction of a Celestial Error that spawned this horror called Evil which many denied and continue to deny to this day.
      - 
      - The reason for the Celestial Error.
      -
    - The existence of innumerable Universes in the Divine Dimensions, as distinct from the multiple sub-dimensions in the Physical Universe (including the Ethereal Plane, the Astral Plane and the Demonic levels) as described by such things as the String Theory.
      - 
      - The Anatomical, Ethereal, Astral and Spiritual structure of Physical Beings.
      -
  - The Evil factors of Programming, Pollution and Indoctrination by which everything is controlled in this evil Cesspool.

- 
- The means of controlling trapped consciousnesses by other evil means such as implanted false memory, body snatching and Demonic Possession.
- 
- The fact that now, in May 2016, 64% of the bodies of the Human Population have partial or complete demonic possession mainly due to sex with Demons and drugs which destroy the Centres of Consciousness.
- 
- The existence of a Filtering Mechanism implanted in the bodies by Evil which prevents us from recalling who we (Theomorphs) truly are, how we got here, our past lives, our Heritage, our capabilities, our potential and our ultimate glorious liberation from this Den of Iniquities.
- 
- The loss of memory of being translocated from planet to planet, galaxy to galaxy, in order to confuse us, and to exploit us by persistence mechanisms of suffering.
- 
- The theft of energy by Evil from Theomorphs (True God created beings) so that some cannot re-incarnate back into human bodies and are in fact reincarnated back into animal bodies, even the Vegetable Kingdom or even the Mineral Kingdom.
- 
- I have explained that all the planets are sealed off spiritually so that after death, the spirits can only go as high as the ceiling of the Astral World- (approx.. 400,000 km above Earth's surface).
- 
- The Ethereal Body, a structure which we all have, and can be photographed by Kirlian Photography, separates from the Astral Body when the physical vehicle dies and wanders about in the Ethereal Plane which is very close to the Physical. These are the discarnates and ghostly figures seen by physical beings. They are phantoms and inevitably dissipate with time and varying conditions.
- 
- I have discussed the non-existence of Freewill which can only be present in areas outside of the Physical.
- 
- Another topic I discussed at length was the inability of beings of an Evil Essence (Demons and most Robots) to comprehend existence outside of the Evil Empire. For them True Love, Purity and non-violence are nonsensical.
- 
- I have discussed **the two types of Love** and their meaning:
  - A Evil-created Emotional Love and
  - B True Love which is an expression of Godliness.
- 
- I went further and showed that Emotional Love is based on possessiveness, is an artificial hormonal programming for propagation of the species and also for the caring of the young. In due course, the programming dissipates and more often than not the ones affected by such emotional love see it turn to hate.

- 
- Emotional love, I showed, was and is always overshadowed by the fear of Loss, something that can never occur with True, Universal, Unconditional Love.
- 
- I have discussed the War of Essence in which we are all immersed, and that it is soon to be resolved with the total eradication of all Evil and all its sycophants and minions.
- 
- I have explained that not one Demon has turned to the Light. Not one Demon will survive its fate.
- 
- Transmutation is the process which will annihilate all evil structures and beings.
- 
- I have also discussed how this area, this Galaxy, is being starved of energy as all other Galaxies were to bring about their total destruction.
- 
- I wrote how the New Green Energy, which many now see, is sustaining the Viables when the others are starving of sustaining energy and dying.
- 
- I have described how the starvation is evident in the exposure of demons, exposure of their nefarious games and wars, and the collapse of their means of hiding from the public and the collapse of their infrastructure.
- 
- I have mentioned the various consciousnesses that can inhabit the human bodies.
- 
- I also reminded you of the Ancient Gnostic Wisdom and its Prophecy that in the Endtime, we shall all see who is who as true spiritual vision is restored to us all.
- 
- I wrote that Aliens have controlled this world since its inception. They are more advanced classes of Consciousness. Most are evil, but some are groups of a Divine Essence.
- 
- I mentioned that Babaji, from Haidakhan in far Northern India, also known by the Hindu as ‘Lord Shiva’, told me personally in the early 1990s that when I see the Blue Star, we can conclude that ‘our’ work is done and we can go Home.
- 
- “Our work” is the work of the Light Beings who have remained faithful to the Light ever since they became trapped in this Evil Cesspool, some 50 billion years ago. He specifically meant His work and mine, for we are a close team, but in general it includes all the other Light Workers.
- 
- I explained that the Blue Star was the appearance of the incoming Planet X Constellation. It becomes the Red Star on its exit from this Solar System.
-

- I had difficulty in dating its arrival, as did many others, psychic, metaphysicians like myself, and astronomers, because the Constellation varies its speed, direction and purpose almost daily.
- 
- I am yet to see the Blue Star but I have suggested that it may be visible next year (2017) at which time it will destroy Earth as I have explained.
- 
- I have discussed the creation of DUMBs by various Nations of the World in order for their Ruing Class, the Elite and the super-rich to escape the flooding to occur when Earth falls on its axis physically due to the gravitational distortion caused by the passage of Planet X. But they will not survives for other factors are at play and the Earth will boil from within and they will be cooked in boiling lava.
- 
- I have mentioned the elevation of the value of the Schumann Resonance in all the planets of our Solar System. This is an indication of heat entering the System from the Centre of the Galaxy.
- 
- I have explained such Plasma Waves are causing the heating of all the planets, including Earth and that a Super Plasma Wave is due to hit the Solar System soon after Planet X passes. This wave will dissolve all matter which will be reduced to Dark Matter and Dark Energy which are inert and have absolutely no viable essence, no consciousness.
- 
- The Viables will have been evacuated as this Plasma Wave does its work!
- 
- I gave in depth explanations of the fraudulence of Religions which, while based on some Truths, were concocted by Evil Ones to ensnare true seekers and exploit them of their money, energy and in many cases debase them with perverted, illicit sexual practices which have now been exposed as being ubiquitous.
- 
- I have explained the significance of wars, (most of which are quite unnecessary and unreasonable) and how they cause untold suffering, misery and energy exploitation. The evil ones who sponsor them live on the wealth perfidiously generated by wars and on the energy extraction caused by the universal suffering.
- 
- I have affirmed each will get exactly what it deserves when this mess is finally resolved.
- 
- I have warned you that because this is a War of Essences in which we are trapped, we must expect the Unexpected even when we think we are certain of events.
- 
- I also stated that **Evil Beings are cursed by their own evilness**, and this could not be clearer now that we see the infrastructures of Evil collapsing and the Virtual Reality all coming down bit by bit!

\*

- I have gone to some length to show how History, generally speaking, is vile BS, written by those who would hide as much truth as they can.  
•
- I have pointed out the inadequacies and bluffs of Science which prides itself in its insufficient knowledge and overt idiocy.  
•
  - Thus I introduced the Concept of Cultivated Ignorance!  
•
- I have exposed Allopathic Medicine as being, in the major part, an Evil-created and funded scam that further exploits the populace which is kept ignorant and blind. But, as I pointed out, exposure of Allopathic Medicine's evils as in injurious and dangerous vaccines, injurious drugs, the Cholesterol Hoax, etc., are being exposed at an accelerated pace.  
•
- I pointed out that Allopathic Medical treatment is now the third leading cause of Death! Too bad if you thought Medicine is supposed to support life and not death!  
•
  - I wrote an entire book on the Evilness of Psychiatry. And to prove my point psychiatrists whom, in the main, I regard as blind fools, have now proven my many points that I made in the book by asserting such nonsense as this: All who believe in UFOs, Aliens and 'God' have a mental illness! Pity I can't take any of these fools on my visits to my Mother craft!  
•
- I have exposed the identity of the Demiurge in this area of Creation. It is none other than Jehovah, also known as Saklas, the fool, by the Plemora. His other names include Yahweh, Baal, Seth, and then some.  
•
- Jehovah has favoured ones called the Children of the "Evil Demigod"! They control many of the functions on this Earth, especially the Monetary System, and they are being exposed daily for their evilness. They will ALL be transmuted in due course.  
•
  - I discussed at length the Concept of the Descent of the Avatar Energy, the Manifestation of the Highest Consciousness, as a Holographic Projection into this dimension to give knowledge and hope to the Viabes and to provide energy to sustain them till the End.  
•
- I disclosed the main Avatar being the same being throughout many incarnations doing the exact same work. He has been known as Zoroaster, Buddha, Jesus, Moses, Manichaeus, Arthur, Pendragon, Mohammed, and many, many others throughout History.  
•

- I wrote that one should not be confused with the words that are presented as originating from these “Prophets” for such words have been purposely distorted to entrap innocent ones even further.
- 
- I have disclosed the Main Avatar Energy for the Endtime has been present in the physical since the 1940s.
- 
- I have written about the vile and evil methods by which Evil Alien Elite trick the populaces everywhere with their lies and mischief; the fake Jewish Holocaust of WW2 being the greatest deception of the Twentieth Century and 9/11 being the greatest of this Twenty First. The evil beings who perpetrated these false flags will be severely punished in due course.
- 
- I have explained in detail the Mechanism of Thought Implantation in all lower minds that exist in this noxious sewer called Earth.
- 
- As well as that, I have exposed the existence of a Negative Thought Pool that encompasses the planet and implants evil thoughts into vulnerable ones so more and more mischief is committed by those thus programmed.
- 
- I have exposed the villainous actions of the so-called Board of Karma that functions to the detriment of Good Beings who are often punished for no reason at all while the more evil ones escape or are even rewarded.
- 
- Worse than the above, I have exposed the Evil Mechanism by which those who exploit energy the most are rewarded by the Evil System and, just like scum, are allowed to rise to the top of societies which are all evil bar none.
- 
- I wrote that at its Foundation, the USA was dedicated to Satan. In the last year or two this has been amply exposed and explained by the nefariousness of demonic activity by the Elite, Government and agents in the USA.
- 
- I have explained the so-called Myth of Incubi and Succubi molesting sleepers as being, not a myth, but reality. These beings do steal energy from the body while the body sleeps and the consciousness is usually away.
- 
- I have explained the function of prostitutes and gigolos as being like tax collectors. Instead of money they collect energy via sex from their willing victims and give it to the Evil Machinery. They keep a percentage for themselves and they feel good because of it.
- 
- Alas, many True Beings are trapped in disastrous marriages and relationships to Demons and unless they awaken and move out, they are severely drained and often possessed by the Demonic energies.
-

- Some of us are allowed to fall into such traps with Demons by the Light for reasons unknown. It may be for special work the Light does through us against Evil, and while being used in this way, we are protected sufficiently so as not to be too damaged.
- 
- I am thinking this was the reason why I was allowed to partner Amitakh Ng for a while. She is definitely one of the Queens of Hell.
- 
- But my presence neutralized her activities somewhat and minimized the damaged she caused to others while I was with her and while, at the same time, I was free to plant the energies around the world under her very nose and the nose of Evil.
- 
- Once she met her soul-mate, Steffan, one of the biggest dregs of Hell, they began their destructive onslaught, just like demons are prone to do. But, it was too late. I had been used to set up the framework for the End of the World, by the Light which they could not undo. All they could do was become more and more angry and impotent.
- 
- Of course, we, used this way by the Light, suffer consequences on this level – we are attacked, disadvantaged financially, emotionally drained and stained, etc., etc... But so what? We are here to do a job. And those consequences are inconsequential when the bigger picture is examined.
- 
- As I have explained very often, Demons also infect sex partners with negative energy which can led to damage to the Centres of Consciousness in the partner, even mild moderate or severe demonic possession for a short while, or permanently.
- 
- Those who are in such traps with demons for some purpose advantageous to the Light are given extra energy to protect their Divine Spiritual Components.
- 
- I have explained that hard drugs, taken purposefully by people trying to escape their lot in life, their failures, their miseries, etc., cause similar damage to users and they facilitate Demonic Possession.

- **No illicit or psychedelic drug is safe.**

Some, with appropriate preparations can have healing PHYSICAL effects! For example, Marijuana, Opium, etc..

- **Forget the idiocy of taking Ayahuasca**

<https://en.wikipedia.org/wiki/Ayahuasca>

<http://www.laweekly.com/news/ayahuasca-can-change-your-life-as-long-as-youre-willing-to-puke-your-guts-out-4137305>

- 
- **No one else has ever given the percentage of Demons in Human Bodies, ever. I have revealed they exist, like Jesus demonstrated, by evicting them from people. I now give the percentage as 64%. In other words, 64% of the human bodies on the surface of the Earth contain Demonic Consciousnesses (one or more) and I have given the rise in percentage over the last 30 odd years.**
- 
- **As you may recall, I was the first to say on the Jeff Rense Show the day after 9/11, that it was an inside job, perpetrated by the American Government to frighten its people and gain the perverse freedom to destroy innocent Nations, using lies, as it has always done. The Satanic Influence cannot be denied!**
- 
- **I have identified groups of people in differing eras that contained the shared Avatar Energy. An example of such a group is the fraternity of Haydn, Mozart, Beethoven, Chopin and Bach.**
- 
- **I explained the role of Avatars, including the religious group of Zoroaster, Moses, Manichaeus, Jesus, King Arthur, Mohammed, etc., and also ones such as Christopher Columbus., Joan D'Arc, Galileo, Frederick Nietzsche, Shri Aurobindo, (the real) Sai baba and probably the most defamed man in History, Adolf Hitler! Yes he was Jesus Christ re-incarnated as were all the others I have mention here.**
- 
- **In various books I have given the Classes of Consciousness and the Structure of the Divine Hierarchy beyond Level 7 which is the Universal Level of Consciousness. No one has known of these Superior levels before I published them.**
- 
- **It was I who gave the World the news that approximately one billion Viabes were evacuated spiritually on November 1999 and that is when the reduction in energy for this plane began in earnest. The fools scoffed, as they are wont to do!**
- 
- **Some years ago, I revealed that approximately 9% of the World's Population will be saved, to continue their spiritual evolution in other dimensions. These 650 million people were not fully Theomorphic, but they responded to the Light. Thus, modifications were made to their spiritual bodies so that they can exist outside of this Evil Dimension. None of the remaining population can exist outside of it for they have been deemed non-Viable and do not have those special modifications.**
- 
- **I had stated that a few thousand Theomorphic Warriors remained in Human Bodies after November 1999 to assist the distribution of energy to Viabes.**
- 
- **But as time has passed, more and more of them have been recalled, for they were no longer needed. Their return home has left less and less warriors over the last 17 years and we are down to less than 50 now, which can be taken as an indication that the End is very near.**
-

- Many have asked me how I know these things. I know these things because I know.  
No other explanation is needed.
- We are now seeing the level of corruption in all aspects of human life. The very Foundations of Existence are corrupt to the core; therefore such an existence must die of internal decay. And that is exactly what we are seeing.
- It is worth repeating that vile, evil beings were doomed from the hour of their inception, for  
**All Evil Ones are cursed by their own Evilness.**  
And this we are now seeing more clearly than ever, just as I wrote it would occur.
- It is abundantly clear to those with eyes to see that on this level of existence good people lose every struggle against the evil beings. The system has been designed, by Evil, to be this way.
- Under such circumstances, of Good always appearing to lose to Evil, it would seem that the eradication of Evil would be impossible!
  - What does the evidence show?  
**96% of the entire Physical Universe has been obliterated, so in essence, Evil is doomed.**  
It cannot win.  
It seems to win the skirmishes on this level, and in the case of such events we have to grin and bear them. But in reality,  
**Evil is doomed, doomed, doomed!**
- The Illusional Beauty of what we see with fraudulent eyes is enough to convince many that we are living 'La Dolce Vita'.  
Go tell that to the starving millions;  
To the countless infants that die every day from disease and hunger;  
To the brutalized Palestinians;  
To Australia's mutilated aborigines, the Canadian Indigenes, the American Indians,  
and all other oppressed peoples in this cesspool;  
To the kidnapped, tortured, raped and executed children whose organs are given to  
the filthy vipers in countries like Israel.

<http://82.221.129.208/ifyouareinamericayouprobablycantseethisw9.html>

- - **Mother Nature is as evil and cruel as any structure in this vile Virtual Reality. Where is her comfort and care in young penguins torn apart, or crocodiles brutalizing horses and wildebeest? Where is the supposedly loving Mother Nature when vile snakes kill innocent beings with their venom, when men kill so many cattle, sheep, pigs, chickens, etc., daily, many of which contain Human Consciousness, just to satisfy their lust for flesh which is a **demonic lust for flesh?****

- - **In my writings I have exposed the fraudulence of Near Death Experiences. These are Astral Level studio-produced events by evil sycophants to trick the ignorant people of Earth. The experiences are a sham to hide the truth even further. Don't fall for such idiocy.**

- - **I have written about **Star Children.****

**These are evil demons from other Planets and Galaxies that incarnate into the Human Crop. Admittedly most are advanced in knowledge of Mathematics and Technology, including electronics and computers.**

**But with time they forget their knowledge.**

**Nonetheless, most of them express the hatred of Evil within them soon enough for Humanity and the Good Ones amongst us.**

**Some have been known to explicitly say they hate Humans, indicating that they recall they are not Human!**

**Not one is Viable.**

**They will all be transmuted.**

- - **I have also stated in my writings that**

**No Viable being reincarnated onto this plane after the evacuation of November 1999.**

That means that no child born after November 1999 is 'good'.  
It is either a failed robot or demon.  
This includes Star Children and Black-eyed children, all of whom are demons.

**No demon is viable.**

- The fools, especially the New Age Groups, consider these educated demons whom I have identified as Star Children and Black-Eyed Children as special gifts sent by their 'god' to advance Humanity.

What fools they are!

They are demons who will destroy much of Humanity if time remains.

But, **Time truly is at an End!**

<http://thoughtcatalog.com/christine-stockton/2013/11/16-peoples-terrifying-encounters-with-the-black-eyed-kids/>

- Evil-based Religions – well actually all Religions are Evil – want you to believe that Man's sinning has caused all this horror we experience.

How credible is that?

Did you and your 'sin' really cause the latest episode of a huge Black Hole swallowing an Entire Galaxy, one trillion miles from Earth?

Could it get more ridiculous than that explanation by punitive religions?

You will no doubt have notice that overt History, Religion and Science skip over the fact that Evil existed before "Man" was created on this Earth!

- I have explained how Prophecy is a tool of Warfare.

I learned very early in my writing career not to argue with fools, so I made my **Motto "Take it or leave it".**

- Many of us, and I include myself very prominently here, have in the hope of awakening the masses, thrown Pearls before 'Swine' who then trampled them into the dust and set about attacking the ones with **the Pearls of Wisdom.**

- Without the awakened **Ancient Gnostic Wisdom** which is found in the Inner Nous of every True Being, people cannot comprehend the concept of two feuding Creations within this Physical Universe.

They cannot fully understand, for they are of Evil, that the majority of individuals have been created to exploit anyone and everyone any way they can for their own selfish gain.

- Thus, in all societies we see the evil sharks, the connen and the grossly dishonest people cleating anyone and everyone.

- Jesus singled out the Lawyers and Religionists (Sacerdotes) as being the most offensive, but in today's society, Veterinarians, Doctors, Pharmacists, Drug Companies, Real Estate agents, Car repair mechanics, etc., etc., are not far behind.

I truly cringe at the stories I hear of Veterinarians abusing the owners of pets with their most unreasonable charges.

This makes the ownership of pets very, very difficult, especially for people on low incomes and for pensioners who need the companionship of pets.

Often in areas where paralysis tick occurs in Australia, pets thus stung by the obviously visible ticks are left to die, for the cost of treatment, which should be no more than \$40 is inflated up to as much as \$1,000!

- The maximal danger exists for unawakened True Beings (those who are not evil and have remained Viable) because they think everyone thinks as they do and believe in fairness and the Golden Rule :

**Treat others as you would be treated.**

But the Evil Ones follow their own rotten rule –

**Do unto others before they find out!**

As an example of this, do the occurrences of **pre-emptive strikes**, always executed by the most evil Nations, sound familiar?

- I explained in detail **the significance and futility of Suffering on this level.**

The lying demons that profit from it encourage suffering by saying it is for the good of the Soul.

The truth is the exact opposite.

It is for the destruction of the Soul.

Suffering causes loss of vital Divine Energy from the True Beings.

Hence, they are weakened by suffering.

The promises of a higher seat in Heaven made by the evil demons that run religions are false and misleading.

**Suffering is an imposition by the Evil Demiurge on the True Beings whom he exploits mercilessly for its own gain.**

- I detailed at length how demons are consumed by the pursuit at all costs of

i **Power** (to control others, even demons)

ii **Sex**, with which they drain energy from non-demonic beings and also cause destruction of Centres of Consciousness in their victims, so entry into and exit from

the Centres of Consciousnesses of their victims are facilitated until eventually total Demonic Possession occurs.

iii Thirdly, **Money**, Wealth, Assets, which in turn bring more power to control others and organize groups to kidnap, abuse, and trap their sex victims.

•

- Indeed, one can decipher the true nature of a being, any being, by its degree of love, or otherwise, for money.

**Is it not the Love of Money that is the root of all EVIL?**

**(Timothy 6:10 – BTW, Tim was another Avatar Splinter)**

- **Note carefully: It is not Money, possessions, or wealth that are the root of all evil.**

**• It is the LOVE of Money, possessions and wealth that are the root of all evil!**

•

- This world has made money indispensable, thanks to the Zionist activities throughout the planet.

Indeed they practice **USARY** by which they exploit the honest labour of others while doing no work themselves except plotting how to maximize their profits.

We have seen this most clearly in the last few years as the **Veil of Deceit** has been lifted in

- **The Banking World** to reveal the total avarice and dishonesty of the Banks and their owners, the Banksters,
  - **In the IMF and the World Bank** which cripple Nations,  
and
- In business men, again agents of Satan, who destroy lives through monetary and commodity control.

•

- Zionists had done this very thing to Germany after WW1 as you all know. Hitler, ably assisted by his power to reason, showed the World that a Nation could resurrect itself without the Zionist Banksters.

In the eyes of the latter, that was an unforgivable affront to their business which could catch on in other minds, other Nations.

They could not let that happen, so Hitler was targeted for destruction.

As you well know the Zionists declared war on Germany long before the Germans were forced to go to War by **Winston Churchill, Stalin, and Roosevelt.**

History shows, accurately on this occasion, that the more Hitler desired to avoid war, the more Churchill demanded it.

That is how the evil System works.

All three were demons as you probably guessed.

**“.....it was a great blunder on the part of Chamberlain to declare war on Germany in 1939, and even greater blunder on the part of Churchill to refuse Hitler's peace offer of 1940, thus making World War II in Buchanan's opinion the "unnecessary war" .....**”

[https://en.wikipedia.org/wiki/Churchill,\\_Hitler\\_and\\_the\\_Unnecessary\\_War](https://en.wikipedia.org/wiki/Churchill,_Hitler_and_the_Unnecessary_War)

**The Greatest Story Never Told: a must watch, all 27 parts of it!**

<http://thegreateststorynevertold.tv/>

- **Happiness.**

It is true that we all seek happiness. Even the sadist and masochist seek happiness in their perverted misery.

But how can one be truly happy when incarcerated in this Cesspool, when every action and reaction causes disastrous loss of energy and reflex attacks by Evil Energy?

Evil has found a way!

Kid the fools to think they are happy in the Illusion of a Virtual Reality, and make sure they cannot think of any alternatives.

Thus we have **the Illusion of a Benign State** with supposedly

- i Wonderful scenery from **Mother Nature** and its immense cruelty and unending incidences of Natural Evils;
- ii **Abundant food** (Ha Ha) from the unnecessary and very cruel killing of animals, bird and fish;

iii **The False Promises by False Religions** (all religions are false) that at the end of this life is waiting a Paradise of untold Happiness and wonders, when, in fact, one of Class 4 ends up in cells of the Astral Plane or worse, in Demonic Levels if massive Negative energy accumulation has occurred;

iv The false story of enduring pain, suffering, injury and death for the sake of getting more rewards in Heaven.  
Again note **the False Story of Karma** which states that we deserve everything we get because we erred so much in previous lives.

I have covered this topic to show **Karma is NOT distributed justly.**

The evil bastards who exploit the most energy from True Beings to supply the Evil System are amply rewarded.

The innocents of a True Nature usually have unjust impositions to increase their pain, suffering and misery just because they do have energy which can be exploited from them.

- When one looks back at the lives of Avatars and their Splinters, it is horror that is seen, not beauty, happiness and tranquility.
- You too would be surprised to see how much you suffered unjustly just to reach this life and witness the End of Evil!

• **Whatever so-called Happiness of this level occurs is illusional.**

The only happiness that can really occur is in the Higher Minds of True Beings who can decipher the facts correctly and see beyond the Virtual Reality to a time of True Happiness which can only exist when this Cauldron of Evil in which we are trapped is finally totally destroyed and we are liberated.

- That time of Liberation is very, very near.  
That is what we exist for.  
That is the happiness we seek.
- **There can be no true happiness when one is jailed and tormented continuously.**
- **Emotional appeasement** seems to work for a while, but if you study it carefully, it is just another Evil Mechanism which sets up individuals for disasters in the long term.

Those who do not see this or disagree are simpletons and fools.  
Why do you think that the Emotional Love that virtually forces couples to copulate and bear children in due course turns to Hate and Divorce in almost 60% of cases?  
It would be almost 100% in reality.

Many can't be bothered to divorce and so they live a lie in which they rot mentally, emotionally and socially. We are all familiar with such individuals.

At first they tell you they remain together for the sake of the children. When they leave home, it is usually because of the disastrous financial consequences of splitting.

They are trapped and unhappy in a loveless union.

As I just wrote, others worry too much about what it would mean financial and would rather put up with the noxious conditions rather than losing a roof over their heads.

A bit unjust you say?

I have seen so many in these conditions that it would be far better for them to split.

The children are better off too.

If one of the couple is a True Being, it is paying a huge price to stay in that cocoon of **Emotional Entrapment which means eventual spiritual decay** – Just what the Evil System wants.

- I have also explained at length the idiocy called **the Fear of Physical Death**.

While fools chase **Physical Immortality**, which has now been seen to be a no-no, even by deluded, so-called 'scientists', this fear still traumatizes so much that many would kill others if they could to avoid their own death.

**The greatest disaster in the Physical for Failures will be their physical deaths.**

**The greatest joy in the Physical for Viables comes at their time of physical demise.**

These are just a few of the topics I have discussed in the past to allow those with the Divine Inner Nous to **Make Sense of the Madness of this Evil Dimension** in which we live as exploited, entrapped slaves.

**You do realize, do you not, now that you are spiritually awakened, that we have been Exploited, Entrapped Slaves to the Evil System!**

## **MY THOUGHTS FOR THE WEEK**

**Over the years, many people have asked me how they can decipher by their own intuition if they are viable or not.**

**I always give the same answer:**

**If they resonate with my words, and the energy in my books, and/or my energy in my words in the Radio Shows, they are Viable for the words and energy resonate with their own truth within, and they cannot have this Inner Truth unless they are viable.**

**(I have done many, many Radio Show, especially with Jeff Rense –in the USA.)**

If a person is frightened by what I say or write, but still feels it resonates within,  
once they bypass the lower mind fear, again they can call themselves viable.

Those who become angry or offended, by what I say and write, are the failed ones.  
They become arrogant and want to argue the point with me – any point.  
But deep within they sense great FEAR and the feeling of Doom and Gloom.  
That effect is unmistakable. They will soon be no more.

This next bit actually belongs in Jerry's Comedy Section:

Some have called me Satan for releasing all this knowledge,  
But hey, would Satan tell us all about his self-destruction, his evilness, his coming  
conflagration, his eternal transmutation?

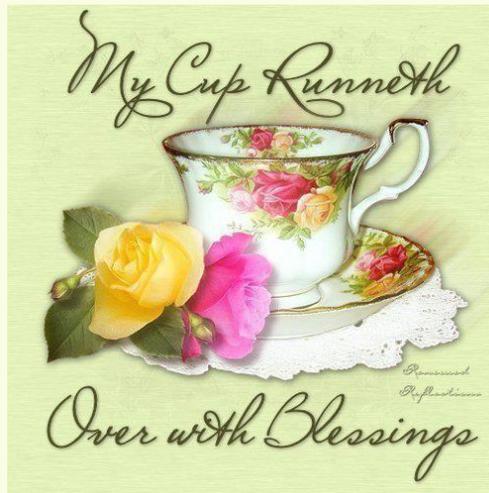

Put your thinking caps on people.

The ones that call me Satan are of Satan themselves.

## POEM 137

### The Cup Runneth Over!

Praise is what is wanted by the vengeful,  
jealous, and persistently iniquitous Jehovah,  
When he instructs his sycophants,  
counterfeit demons and robots,  
to say, in utter indoctrination,

that their "Cup runneth Over".

Well, let us put it all  
into perspective, shall we?  
And we will find that, just like  
the notion of a Wonderful, Wonderful World,  
This is utter baloney that  
at us has been whirled.

Examine your own life, that way  
you'll be accurate for sure,  
And know whether your cup truly runneth over,  
or whether of some things essential to your  
physical, mental and/or spiritual wellbeing,  
you could certainly do with more.

Is there enough True Love - not sex - in your life?  
Do you truly have a great family,  
a great husband or wife?  
Or are your children, the relatives, neighbours,  
strangers, workmates, showing occult or overt hate,  
and teasing you as if you are their  
personal bag of disposable shark bait?

I certainly know most could do with far, far  
more True, unconditional Love in their lives.  
In that respect their love cup  
certainly does not, in fullness, runneth over.

And what about money?  
Not many live in clover.  
Most families to meet desperate ends  
struggle daily, laboriously.  
The majority could do with just  
a little more help, even more money.

Most in the world are slipping  
inexorably into poverty.  
Starvation, lack of sanitation, untreated disease,  
lack of facilities, certainly make  
"cups runneth over",

**but not the way we want from  
the mendacious Jehovah.**

**Peace, and Harmony, Joy and Goodwill -  
It is these that fit the requested bill.  
In everybody's life all over the world  
they are present in abundance.**

**Is that not so?**

**Alas, it's only in wishful dreams  
that people cannot say no!  
Most are torn asunder by violence and its thunder.  
Wars - civil, sectarian, political, ideological,  
sexual, all these burn minds and bodies galore.**

**The cup there runneth over,  
not with goodly abundance,  
but with these curses, for sure.**

**The cup is way too full,  
not with Love, for the majority,  
Or with wealth and good health,  
with peace and tranquillity,  
But with poverty and pain,  
sorrow and misery.  
Condemned should evil Jehovah  
for this state of affairs be.**

**Unless you see this contradiction  
in praising Jehovah for abundance  
of things burdensome, undesired,  
You will not see with  
the True Vision required,  
To break the evil programming,  
pollution and indoctrination and seek  
with fervour, out of this  
vile dimension, Divine liberation.**

**If you are happy with this, Evil's lot,  
Then it could be in here,  
in this Hell, you'll rot.**

**In the Light of the God That is True,  
I cannot see how anyone contending  
in this rotting, degenerative,  
exploitative and degenerating,  
doomed Earth happy could be.**

**If they say they are, it has to be a  
feigned response from the evil programming,  
to which all are subjected, of necessity.**

**Only then can such an indoctrinated,  
mindless minion fawningly give praise to  
the insufferable, obnoxious, condemned,  
pusillanimous Jehovah!**

**And say "My cup runneth over".**

**THOUGHTS OF A Gnostic**

**ABOUT EVIL ONES**

Evil beings will remain evil until the very end, and they will express evil until the very end.  
If that were not so, they would not be eradicated, for they would have changed for the better.

This system will remain evil and exploitative until the very end, until the final moment when it is destroyed. Hence, True Beings need to keep up their guard until the very end. They cannot relax for one moment. Do you think this is an exaggeration?

Think for one moment how long one survives in the commercial world if precautions are not taken. How long do you think it takes the sharks out there to devour a naive novice?  
"Not very long at all", is the answer.

We must not excuse away the system by saying we must accept it for that is the way things are. They are this way because the system is evil. There are better systems. And whether the evil majority want to believe it or not, we are heading for a better system in which they and this exploitative evilness will, by definition, not exist.

It is the way of Divine Justice that the same justice and mercy will be given to evil beings as they gave to the True Beings they trapped and tried to spiritually assassinate.

In the meantime, as the cost of maintaining the illusion increases, frustration will increase for the evil beings and their satisfaction will decrease. They will vent their frustration the only way they know how: with raging violence and anarchy!

You will have noted the most ignorant ones are the most vocal in their judgemental condemnation of that which they do not understand. Why is that?

It is because that is the nature of evil ignorance, bigotry and hypocrisy to which they belong. There is no other explanation. If they are severely polluted True Beings, it is the evil influence on them causing the same problems. Hence, functionally until they awaken and cleanse sufficiently, they are the same as evil beings.

As the Endtime proceeds, observe the paradox: The more evil is exposed everywhere and the more this plane fractures in all aspects, the more will evil beings deny the existence of evil. To the very last they will deny the truth of things because it suits them. They are of the Illusion. They support the illusion for they cannot exist outside of it.

The words of Truth are bullets which fatally injure those of the Untruth. That is why they are so hateful of this information. That is why they deny the existence of evil so vehemently. But, as I have said repeatedly, evil beings really have nowhere to hide. There is no escape. All routes have been sealed off. The end they have so forcefully denied is upon them.

As the End looms, you would be very foolish to take at face value what others tell you. Most are liars and deceivers. Evil beings do not have remorse. Fear of punishment yes, but not remorse. Any they show is feigned. They will never change. They have had countless chances to do so and never have.

Ultimately, all units of consciousness will be dealt with in accordance to their worth and deservedness.

## NEWS, VIEWS, REVIEWS

More and more items of trash, crap and bad smelling BS are spread across our field of vision. The idea is to confuse the populace so they will have no idea, again, of what is going on and thus they will succumb to the Will of the Elite.

Do not be fooled.

If you have to read articles, attempt to find the characteristics within them that identify them in some relevant aspect of the Endtime mechanisms.

That way the detail will not worry you in the slightest.

**REALLY GRUESOME**

**AS BAD AS IT GETS**

**Spare parts**

<http://82.221.129.208/ifyouareinamericayouprobablycantseethisw9.html>

**There is a reason why state officials never allow you to see your children again when they decide to take them.**

Have you ever wondered why, in most cases, when children are taken by "child protective services" in any state in America, the parents practically never get to see the children again? **How about a better question: The states take children frequently. Many many many per day. Here is the question: Have you ever spoken to anyone who claimed to have been taken by the state from the original parents, and then grew up to tell about it?**

This is not the same as children who were put up for adoption by their parents willingly, you can find those types of people as adults frequently. But more often, children are taken by the state by force. And never in my life have I ever met an adult, who was, as a child, taken by force. I wonder why. Actually, I don't.

Here is the reason why: **BUSTED: 25,000 Ukrainian children were used for spare parts in the Israeli organ harvesting program**  
From [MX22](#)

"An international Israeli conspiracy to kidnap children and harvest their organs is gathering momentum as another shocking story divulges Tel Aviv's plot to import Ukrainian children and harvest their organs.

The story brings to light the fact that Israel has brought some 25,000 Ukrainian children into the occupied entity over the past two years in order to harvest their organs. It cites a Ukrainian man's fruitless search for 15 children who had been adopted in Israel. The children had clearly been taken by Israeli medical centers, where they were used for 'spare parts'.

The account was unveiled five days ago by a Ukrainian philosophy professor and author, Vyacheslav Gudin, at a conference in the Ukrainian capitol. Gudin told an estimated 300 attendees of the Kiev conference that it was essential that all Ukrainians be made aware of the genocide Israel was perpetrating."

**My comment:** And obviously, a majority of the kids taken by social workers in the U.S. get funneled into the Israeli meat mill as well. I have heard many cases of parents suing to get their children back, and if the state has "had the kids" for more than a few months, no one has ever successfully gotten their kids back, and additionally, no one has ever even seen their children again.

**There is a reason: You can't dig them out of the garbage after they have been parted out and had the shell disposed of. And that is precisely why "in the name of what is best for the emotional stability of the child"**

**NO ONE in their original families, no acquaintances, no representatives,  
NO ONE AT ALL EVER SEES THEM AGAIN.**

This is well documented to be absolutely true. The children are routed out of the U.S. via corporations that among many other things, participate in child trafficking. Two big ones are Halliburton and DynCorp. Just google [Dyn corp child trade](#) and read up.

**These companies are NOT stealing children off the streets to sell on the sex and organ market, there are not enough missing children reports to cover for this, and they don't just trade 50 a year, they move tens of thousands per year and the only possible source for such a huge number of children in the U.S. is the state "child protective agencies".**

There is no doubt whatsoever that social workers and other state sponsored child thieves are, knowingly or not, acting as a front for a massive criminal gang that operates under the color of state legitimacy.

This is what it means to live under tyranny. If the state acted in the best interests of the people, there would be no reason for the state to not at least show the original parents video of their child doing OK. Fat chance that would ever happen, *it never has, it cannot happen, and it will not happen because the children are dead.*

And there is a HUGE MARKET for children. Child sacrifices in the luciferian Jewish community and other luciferian communities, including even luciferians among Mormons is one market. Organ harvesting in Israel is another market. Sex slavery is another market. I would not be surprised if some of the kids are first used as sex slaves, and then get their organs harvested in a satanic sacrifice ritual.

That would get the most "bang for the buck" out of a child, yeah, why not just hand them over for organ harvesting if they get badly injured in some elite pervert's bed room?

**It is proven that the elite are child sex perverts, and by default then this has to be happening, and all the infrastructure is clearly in place for this to be done.**

One google search, even despite Google being the enemy of truth, is enough to blow the lid off of this and send people down the path to greater knowledge. I was actually a bit surprised Israel was brazen enough to do this on such a large scale in Ukraine, but then again, America owns the place, so they could cover it up quite easily.

Nice source of white skinned children to play with and butcher, obviously a secondary source when compared to an obviously much greater number taken from America. American "Child Protective Services" permanently snatches approximately 143,000 children per year, and these are children that never see mom or dad again.

They are un-accountable people once the states get them. Even if almost all, if not all of these children go missing, no one will ever know, paperwork can simply take care of it. Dyncorp and Halliburton are fed from somewhere, and this is the only venue that could possibly hit the numbers needed to do it.

## Many Faces of Evil

**I've posted this to allow you to discern the demons even before their drug induced ugliness. Look at the eyes, the windows to the Soul and you will see demonic entities!**

# CORRESPONDENCE

Hi Joseph,

I am only part way through your most recent post, but I just wanted to send you a quick email to say a really huge 'Thank you!' It really does help a great deal to be connecting with your message. I am so grateful!

Thank you!

Dr C

I just wanted to mention u are my greatest hero. This post I'm reading now about planet X and our connection to it is very beautiful. In regard to your last post I remember you once mentioned what the ultimate reward ( The Promise) would be for true beings back in your very, very first early books written back in the 80s it was either Journey to the World of Metaphysics volume one , Essential Gnostic Truths , or One of the volumes of Making Sense of the Madness. I remember reading it specifically a few years ago while reading one of those volumes and saying to myself "that is indeed an ultimate reward" but as you suspected you are right you only wrote and mentioned that once, about 30 years ago I just can't remember which book I read it in.

Please send a PayPal link for \$30. It is my hopes that you will witness the day when I will donate much, MUCH more in quantity and frequency □ C

Hello again Dr Chiappalone,

I too am having the most eerie sensation that your newsletters are very promptly answering some of the questions I have been secretly pondering. Your newsletters are also providing immense support against the ever rising dark tide of the negative energy pool.

One outstanding question I have, concerns your dislike for cabbage and cauliflower You never explained why those foods are so spiritually damaging, but I have no doubt that it is so.

The awakening progress here is slow but ever moving forwards. I am beginning to understand why I have in the past done some fairly radical things that have been very detrimental to both

career and prosperity, although they were in fact the right and correct things to do. Its difficult to avoid mulling over the unpleasant past, but it can sometimes be productive in revealing and understanding my own higher self that at the time I never knew existed.

This is extremely powerful and mysterious stuff, and not for the faint hearted.

You are right about friends and comrades from past lives meeting up here and now in this time period, as part of some great overall plan. I have felt that for some time.

On the lighter side, I think of us all as “family” and yourself as our Don.

P.S.

To Godfather... with respect.

Please find in pay-pal a very small gift.

We is da Cosa Nostic family, and we gotta stick together. Tony.

### My Reply

As long as you call me Don ‘Corleone’ (heart of a lion) and not Don Coglioni ( balls – but very courageous balls) itsa okaya.

Re Cabbage, etc.: I think you might have missed the essay where I said cabbage and cauliflower were OK now.

Babaji worked his magic on them in the late 1980-90s. Same goes for tea, coffee etc..

I like the Cosa Nostic Family you invented!

Although for the Demons we are Cosa Caustic!!

Good Morning Dr. C.,

As requested in Post 71, some feedback on the good news presented therein. The post brought tears to my eyes when considering the ramifications of the information presented. Also sheer incredulity but in a positive sense as I wonder how so many beings here in this illusory world sold out for the temporary gratification of the usual baubles of money and so-called power. In my younger days I almost fell in to this trap by thinking they mattered, but there was always something steering me away from the darkness and kept me from falling completely for the lies presented as real.

Anyway, very good news and I am ever grateful for finding your work which has brought much needed clarity to understanding this matrix a little more and also how it will end; hopefully sooner rather than later in this false space-time 3D continuum.

Not much came through this week and I am trying to keep a journal of thoughts presented; not easy when at work as I am in an open area with close to no privacy. Both my wife and myself have definitely noticed precognition increasing and linkages of events in words and visuals presented in the usual places. Also a noted increase of unwanted beings at work and around town; unfortunately my week involved being forced (e.g., mandatory training) to participate in some group events; you know, how to deal with irate customers (aka demons) with role-playing.

Your advise from Post 70 and your eBook 'Towards Divine Warriorship' helped with keeping the extreme bad vibes at bay. Almost 100 percent of the participants in the mandatory training are solidly in the false reality and are participating with abandon. Definitely a trap but unavoidable for these current moments in time.

Events are ramping up in the world as you've written with exactitude in terms of the overall picture.

In closing, still here in the southeast US of A at around 1,000 feet of elevation and about 310 miles from the eastern coastline (specifically Jekyll Island where the Federal Reserve Bank was planned in 1910), and 93 miles to the so-called Georgia Guidestones. A strange place to live given these times, but necessary to avoid even worse troubles.

Amazing!!

For the past few years I have the drunk orange juice and purchase oranges indiscriminately. Until know it was my favorite thing to drink. In fact I just bought some earlier today!! I never knew it could cause gout?

The fact you would write about such a random topic in your Jerry Attrick corner while introducing the music for the post is another key revelation that you were being /we are being guided by a benevolent source. Wow!!

Thanks for the heads up Dr. now I will look for alternatives. C.

# **The Final Word**

**Looka Me! Looka Me! I'm a Gem of Infinity!**

**It is somewhat difficult for us while still in the Physical Bodies to identify ourselves as such priceless Gems of Infinity. And yet we must in order to mentally transcend the Horror we are about to witness!**

**It is not going to be easy because everything we experience on this level is filtered by the Evil-created Emotional Body that is there working for the advantage of Evil, not for our Divine advantage.**

**I will write more about this soon. But it does stress the need to lift our minds to the Supra Mental Plane where we really belong and to which we shall shortly return.**

**\***

**A second Final Word section:**

**I did not open the TV last night. Instead I wanted to listen to some music. Pavarotti is one of my favourites and knowing I had some videos of him on my iPad, I opened it.**

**On the right hand column, a video caught my eye: "The Pleiadian Message for 2016"!**

**I was indeed curious and began watching. Apart from the Thrice Fried BS, these points made by the speaker struck me. She said the following:**

- 1 2016 is of monumental importance for massive change for Earth. This may be relevant in the context of what I have been writing, and they cannot deny it now.**

**2 Star Children are the Pleiadians come to help us.  
You know I told you that all the Pleiadians and their Star Children are all  
demons.**

**3 The Pleiadians had been forced to move to where they now are during a “war”  
they lost.**

**This is in fact true. They are escaped prisoners from the War that eradicated the  
Galaxy in which they were during that war. They called those that drove them out the  
baddies whereas in fact it was the Light troops that were gathering them up for  
extermination!**

**4 This next fact she mentioned struck me most forcefully.  
She claimed 64% of Humanity had reached Universal Consciousness, sharing all  
the Glory of the Entire Universe!  
You know this is BS. As I have explained, 96% of the Universe has already been  
erased from the Face of Creation.  
Note the 64%. That is the exact figure I gave revealing Demonic Possession of  
the Human Race this month.  
Hence, they see Demonic Possession as being equivalent to reaching the heights  
of Universal Consciousness which, if you have followed my work is an Evil  
Consciousness, anyway.  
Coincidence? I don't think so.  
See how these evil bastards lie?**

# GOODNITE

Let us indulge in the Value of the Keys about which I wrote at the start of this Post

## Value of the Keys

Mockingly it seems that in times of lives past, it was only in the twilight days of life's fetching, cruel gauntlet, which we have all been forced to run, some of us would gain insights with which the War against Evil was to be won.

How fortunate we now are that the Gnostic Keys to end our suffering and misery have been given for us to prepare and in a Final Victory share.

Without such Gnostic Keys, as you well know, it seems we truly had been mocked and in those final years of physicality, just as we seemed to

grasp some meaning for the Madness  
we saw around, we'd be forced from  
this confusing, ignorant life to go,  
needing to re-incarnate again and  
repeat from scratch the errors and the  
banefully harsh progress, searching for  
answers, in the Unawareness, to know.

O my, how the strain of such circular  
profanity on Spirits True did show.

Now we fight knowingly and make  
sense of the Madness in this final cycle  
as to the Victory dais we march, with  
enlightened Gnostic minds all aglow.

Our sincerest thanks to the True  
Muses and all of the True God's  
Workers who supplied us with the  
means to know, even while here, such  
Joy, and the anticipation of Bliss.

Fruitful now, with the valued Gnostic  
Keys, our search for Meaning, for  
making Sense of the Madness and for  
finding that previously unattainable,  
elusive Heavenly Bird of Happiness.

Goodbye forever you obscene cycle of  
absurdity, of physical depravity, of  
waste and madness, and all sadness.

I have now in my heart nothing but  
the thought of Joy and Gladness,  
as I invite eagerly into my life  
the True Bird of Happiness.
