A CONTINUED LOOK INTO THE KORAN

Penguin Edition, c. 1968

PART XII

It is Wednesday the first of March already. Where is the time flying to? To give Muslims some idea where the time is going to, I offer this poem by the great English writer, Rudyard Kipling. You see, Muslims, your actions over the last 1400 years have resulted in over 600 million deaths of innocent people you consider to be, *unbelievers*. Lest you Jews think I AM letting you off the hook, I AM not! This is a warning to you, as well. We are not amused any longer with your malfeasance and dirty hands in this Muslim Invasion issue and attempt to exterminate the White Race. WE are not going to let you, so watch your back.

THE WRATH OF THE AWAKENED SAXON

by Rudyard Kipling

It was not part of their blood,
It came to them very late,
With long arrears to make good,
When the Saxon began to hate.

They were not easily moved,
They were icy -- willing to wait
Till every count should be proved,
Ere the Saxon began to hate.

Their voices were even and low.
Their eyes were level and straight.
There was neither sign nor show
When the Saxon began to hate.

It was not preached to the crowd.
It was not taught by the state.
No man spoke it aloud
When the Saxon began to hate.

It was not suddenly bred.
It will not swiftly abate.
Through the chilled years ahead,
When Time shall count from the date
That the Saxon began to hate.

It Appears The Savages Are Winning

By Patricia Doyle PhD 2-26-17

This is a very excellent article worth seeking out in Rense.com. Patricia Doyle paints a picture about the invading savages which is very disturbing and totally corroborates everything we have been saying regarding the Muslim Invasion. 'Savages' is what she calls those sub Saharan ũntermenschen being imported by the likes of George Soros and Justin Trudeau and their Jewish friends who want to see the death of the White Race.

As you, who have been reading DtRH have learned by now, Muslims can not help being savages because that is what they are taught to be by Allah, who created Islam first and then created man from a clot of blood to impose the ideology on so that lonely old Allah would have creatures to play with and to whom, 'Allah gives abundantly to whom He will and sparingly to whom He pleases.' Page 190. Some he toasts on a stick over a hot fire.

In the Christian teachings God does not play with his believers. The Primary Mover of Christianity continually seeks to lead people to goodness and mercy. He does not play with human beings in the way Allah does. Our Father in Heaven is always regarded as a loving Deity; in the correct teachings as discovered when you seek for them in the New Testament. In the Christian teachings we do not constantly read about, The Hour of Doom, again spoken of on Page 192, where also a new chapter begins entitled, *The Spider*.

Do you remember, *The Who*; that British invasion band of guitar wreckers from the 1960s? They sang a song called, *Boris the Spider*. I wonder if Allah named his spider. Let's take a look and see if we discover anything new in the arachnid's chapter and verse.

'In the Name of Allah, the Compassionate, the Merciful. Alif lam mim. Do men think that once they say: "We are believers," they will be left alone and not be tried with affliction? We put to the proof those who have gone before them. Allah knows those who are truthful and those who are lying. Or do the evil-doers think that they will escape Our punishment? How ill they judge!'

NOPE, nothing new yet. We've read those words on numerous occasions in most of the preceding chapters. It is difficult to forget them since they have been repeated over and over and over and over and over, ad nauseum, so far and we're only half way through the book and I can not help but remember what Allah does to unbelievers. He tortures and kills them.

Next page, 193, 2nd paragraph: 'He that fights for Allah's cause fights for himself. Allah does not need His creatures' help. As for those that have faith and do good works, We shall cleanse them of their sins and reward them according to their noblest deeds.'

Are you getting the idea yet, regarding how Allah could really care less whether you live or die? He doesn't need you. He is alone and prefers it that way. All that he wants from his followers is that they torture and kill unbelievers, those being the 'noblest works,' would you not agree? Ridding the earth of unbelievers is, what appears to be, so far, the primary modus operandi for Muslims. After that comes the doing of other good works such as giving alms to those in need. The 'alms tax,' which Allah imposes from time to time in the Koran; also a repeated theme. He keeps repeating everything, as if his followers are retarded and need constant re teaching. I have heard oil field people complain to me how that is the case over in the Middle East, where it is frustrating to work because they have to constantly retrain the camel humpers, as they fondly call their co workers over there. They have to take them because of government regulations. Just as we for the time being have to take those creatures because our government says so. Well, I suggest we begin saying, NO to the 'refugees' and ship all Jews and Muslims back to where they came from; as in where their actual home land is. According to Jesus of Nazareth that would be, HELL. Amen.
