## In the Heart of Darkness *The Coming Genocide in South Africa*

Have you seen the movie, *District 9*? If not, I recommend it to you because there is a very revealing scene in which a Negro war lord is interested in eating the protagonist's arm because it has powerful JuJu. Take a very good look at that scene and you will learn something which is completely true in Africa; that Dark Continent from which Joseph Conrad drew his inspiration. You who are not familiar with what evolved in sub Saharan and Central Africa, let me direct you to a book about that continent which was published in 1868. I so love old books because lots of them were not tampered with by Jews; who now own and control the major publishing houses and a whole lot of the smaller ones; even putting lots of independents out of business. However, old books from before the 20th Century are very revealing. The very title of this 19th Century book is revealing: *The Negroes in Negroland; The Negroes in America; The Negroes Generally. Also, The Several Races of White Men, Considered as the Involuntary and Predestined Supplanters of The Black Races.* A Compilation, by Hinton Rowan Helper, A Rational Republican, Author of, "*The Impending Crisis in the South*", "*Nojoque*", and Other Writings in Behalf of a Free and White America.

I will share some of the chapter headings in the Table of Contents in the order that they are presented. Chapter 1: *Cannibalism in Negroland.* THE FIRST CHAPTER!

Chapter 2: *Human Butcheries, and Human Sacrifices in Negroland.*

Chapter 3: *Human Skulls as Sacred Relics and Ornaments in Negroland.*

Chapter 4: *Blood-thirstiness and Barbarity of the Negroes in Negroland.*

And so forth finishing with Chapter 33 which ends on page 236 titled: *Increasing Pre-eminence and Predominance of the White Races.*

Do you suppose that what was revealed in that marvelous book, published 149 years ago, has disappeared in Africa? Ju Ju and Mumbo Jumbo never left the African Negroes, it went underground and is reemerging with a vengeance. Regardless of all the hard working misguided Christian missionaries who went into those dark and dripping places where human sacrifices of the most barbaric savage kind left sometimes 100s of mangled, headless corpses to rot in the sun; the baked ground soaked in blood; a feast for flies and vultures. Eventually, when the meat was rotten enough and the Ju Ju good and strong, the remains were eaten and the skulls displayed as ornaments instead of paintings by Vermeer. When you take a close look at what is happening now in South Africa, you will see a whole lot of similarities to the scenes depicted in the book in question. White People are being tortured and murdered by the THOUSANDS! now. Farm Murders of White Boers is now counting into the hundreds per day! In total, since the Communist ANC, made up of the descendants of the Negroes discussed in the 1868 book, took over South Africa the number of murdered Blacks and Whites is over ONE MILLION now. If that number is not enough to give you a jolt and make you think for more than a moment, let me add that human meat is available in the Black Markets of South Africa and maggot infested White Meat is worth its weight double, triple, or more to that of black meat. Blacks are barbecued tortured to death White Boers on their own bed frames in South Africa. That is a FACT. And you, who read DtRH

know, I love facts. Facts do not lie. Another fact that is well documented about *Farm Attacks*; that being what is happening in increasing numbers, is they are INSIDE JOBS. Usually one or more of the negro farm workers are the Insiders who feed information to the Informants who advise an Attack gang about the comings and goings of the White Farmer and His Family. Sometimes the attack is planned for weeks; everyone of them expertly carried out and leaving a horrific aftermath of blood, mutilated bodies, and bits and pieces of White Flesh, fingers, toes, feet, hands... One White Woman recently lost both hands, was raped, and then murdered in such an attack. Her portrait was posted on Facebook recently.

The fact is, those interlopers; those black savages have no empathy. Even though they wear modern American clothing, they are soulless simian hybrids who eat human meat. Some negroes in Africa still sport women with dinner plates in their lower and upper lip. They have horribly compromised genitals, and in the case of a recent photo posted on Facebook, they may wear the hacked off part of an animal for a hat. Remember how the Hutus and Tutsis went after each other? Do you recall any of the ongoing atrocities in Somalia, where the average IQ is 60 and the most violent of all the sub species of negro live; many of them infected with a mind virus called, Islam.

There are tell tale signs that White Boers can identify in order to protect themselves from a Farm Attack. Firstly, watch if any of your black workers are trying to befriend your dogs by having the dogs come up on their chests and attempt to look them in the eyes. Always take your dogs inside the house at night and lock all doors and windows and draw the curtains. If the dogs begin to act strangely and growl at windows or doors, you know there are either four legged or two legged animals out there. It is not a bad idea to have loaded shotguns on hand. If one negro of the attack group is spooked, they will all be spooked because those barbaric simian hybrids believe in magic and are not very bright. In fact, the SA blacks consider Zimbabwean blacks to be superior; as in better educated, hence there will always be one of them in the group. When an attack gang is at your place, make certain to immediately get on the radio and alert your neighbors and those groups who are organized to attend to such matters. In my opinion, the helpers have to shoot to kill the negro interlopers; those pre stone aged savages. Not everyone agrees on this; however, what other solutions are there?

One solution is the secession of the United State of Good Hope; an endeavor all White People must support because if not, there will be no place to run when the genocide begins in earnest in December when the official land grab policy goes into effect in South Africa. Remember, the theft of private property is a major component of the Communist Manifesto. Also, the president and his cabinet openly grunt their mantra; 'Kill Whitey. Kill the Boer.' That Marxist riddled government of retarded ape hybrids want to do exactly what the Mugabe creature did in Rhodesia; reduce that magnificent White Nation to rubble with a currency not even worth a sheet of NORAM toilet paper. The United State of Good Hope is a completely legitimate nation under a Khoisan monarchy intent upon keeping all negroes and jews out of the country. The United State of Good Hope will only be for Khoisan; the true indigenous people of the SW cape, and Christian White People. The economic plans for the new nation will enable everyone to become successful and self sufficient. Education is at the top of the government's agenda.

The problem facing this magnificent new hope for South Africa is the number of White People who are dragging their heels with their petty jealousies and narrow vision. If White People do not immediately begin coming onboard of this entirely new/old experiment in building a nation founded on The Golden Rule and the Ten Commandments, White People will be exterminated in South Africa and will become a herald for events to come in all White Nations who have let the negroes in. Watch the movie, *Black Hawk Down* to get an idea what is facing you when the ammunition runs out and they just keep on coming; like an infestation of fire ants; one climbing over the other, each one ravenous and tearing to get at your heart.

**SAVE THE SOUTH AFRICAN. SAVE THE BOER. GOD HELP ALL OF US.**
