Re: Chief of Security, Seminole County Schools  
Wolfgang W. Halbig

Dear Dr. Hagerty,

Last Tuesday morning, I attended one of our 42 Rotary Clubs in District #6980, which includes Seminole, Orange, Osceola, Lake, and Sumter Counties.

Since my official visits, as Governor to all the Rotary Clubs had been completed two months ago, I randomly stop at each of the clubs so I can visit on a more "one on one" with all the members.

As I previously stated, on November 28, I visited the Rotary Club of Longwood, the guest speaker was Wolfgang W. Halbig, Chief of Security for Seminole County Schools. You may have heard from other Rotarians, but I wanted you to know he provided a most informative insight on the students today versus the students of yesterday. He pointed out the concerns of today, and the many challenges that the teacher face today. He pointed out the importance of the parent's role to be an "involved" parent.

I want you to know that he is a real ambassador for the Seminole County School System. I am glad I was in attendance, and I encourage you to have him make his presentation often so the business person/parent receives the real facts, rather than that of the media.

Sincerely,

James K. McGann, Governor  
Rotary District #6980  
JKM/pcw
