

# ALERT

September 11, 2008

This is to let you know that the Real Id. Card did pass yesterday in the California Legislature. It was called S.B.60. The purpose of this law is to impose the use by every Californian of a national identification card with all sorts of electronic data about you on the card. The card is connected to the "Homeland Security Agency"!

As I view the situation, this bill also gains our permission to become subjects under the Homeland Security Agency, which is a new form of government for the United States. H.S.A. merges the civilian law enforcement with the military, something which is never done in a republic IF it is to remain a republic! !

George W. Bush created the Homeland Security Agency simply by his Executive Order No. 13286.

This bill moves to Gov. Arnold Schwarzenegger's desk. Schwarzenegger can sign it into law or stall it. If he lets it lay, and does nothing, it automatically becomes law in 30 days. In order for it to be stopped, you must call and ask

him to VETO it. Please do so in a courteous manner. **Spread the word!**

Out-of-state people may participate because this is a national (federal) action.

Voice phone calls to the governor's office: 916 445 2841

Fax numbers are: 916 445 4633

Veto S.B.60 !!
