## **FACTS ARE FACTS, THERE IS NO DENYING THAT. FACTS ARE TRUTH AND THERE IS NO DENYING THAT, EITHER**

So, let us discuss some facts. Some cold, hard facts. Facts which are True and can not be questioned because there is no way to see things any other way because, as we have seen, facts are true. However, Truth is not an absolute in a finite reality; that being the reality in which most humans live. Absolute Truth is one of the attributes of God. We are not God, but God is in us and we are in God. We are the Children of God, and just as all children, we are incomplete and growing into the Truth. The Truth we are presently evolving into is a Great Awakening and that is why they, who want to control this planet and believe they were chosen to inhabit a sand pit in the Middle East and own the planet are now running scared because they know they are not of the Truth and the facts about them expose them and make ever more clear the horrible malfeasance they have perpetrated upon the peoples of this world. Those schemers; those malevolent Globalists, those scheming Jews fear the Truth and that is why they are so hard at destroying the facts which tell the Truth about them. Do you overstand now why they are destroying your important statues and historic memorabilia? Do you now get it why Andrew Carrington Hitchcock's and Mike Kings books are banned? Jews do not like facts about them because the more people who know the facts will know it is true; Jews are the Children of Satan and the Sons of the Devil.

The malevolent people we are talking about are mostly Khazars who subscribe to a collection of teachings called The Talmud, The Torah, and Cabala. The Talmud teaches that, 'the law for the Jew is: he must lie, cheat, steal, and even kill Goyim.' That is a fact which you can find for your self in: [Comeandhear.com](http://Comeandhear.com). The Talmud also teaches that, 'a girl Goy is filthy after the age of three and may be sodomized.' The same goes for nine year old Goy boys. Those are facts and you can verify them for yourself in many sources, not just the Talmud, and you will learn that it is True.

It is those Talmudists who are the leaders of the Black Thugs who comprise the ANC in South Africa who are hard at it genociding the White Boers who built that great nation. That is a fact. And that is why an entirely new nation is seceding from that terrible Communist Carbuncle; an abomination and a reflection of what lies in store for all White People if the Communist and Muslim Blacks take charge as they have done in France, Germany, Sweden, and South Africa and other countries. Blacks, such as those who make up the ANC are murderous monsters; the war dogs of the Jews, who take pleasure in torturing White People to death; men, women, and children, it does not matter. The more the victim screams, the better the juju, or whatever diabolical hocus pocus they conjure up in their psychopathic brains which do not operate very well and in fact have an average IQ of 75. That is a fact. Facts do not lie. Another fact is, the Blacks are eating those tortured White People, but not immediately. No, the meat must be rancid and crawling with maggots; the more the higher the price. According to Karel Forster in an interview with Jeff Rense spoke of the easy access one has to human meat in South Africa. Indeed a black man came out and complained about a month ago that he was, 'sick and tired of eating human meat.' It is a fact. This fact can be easily verified in the Rense archives. Just go to [Rense.com](http://Rense.com). Jeff makes it easy for you.

Anyway, let us talk some more about facts which exist in South Africa. It is going the same route as Rhodesia; where a psychopathic Communist Cretin named a Mugabe has successfully destroyed a once prosperous nation built by White People, many of whom were

tortured and killed, or expelled and their land stolen. Now that land is no longer productive because it is a fact that Blacks can not run a farm. In fact, it is a fact that those Blacks who drifted down from Central and Sub Saharan Africa are not indigenous to Rhodesia or South Africa and have stolen and destroyed entire nations which were built by White and Coloured Peoples, but not by Blacks. That is The Truth.

Another fact about the South African region is that there were two groups of indigenous people who lived there, but were never, until recently given the credibility of being a people worthy of respect and consideration. Indeed, the early White settlers referred to the light brown people; the Khoisan and the Kalahari Bushmen as, Hottentots, not recognizing the fact that those people were not the same as the Blacks who are indigenous to Central and Sub Saharan Africa. The Khoisan are a gentle people who have a very natural affinity for Christian Values because those are the very values they cherish in their culture; those of sharing and living in harmony together. Unfortunately, the Whites did not see things quite that way and regarded the indigenous people as animals and treated them most horribly. Of course we know that it is a fact that Jews think of anyone who is not a Jew as an animal in human skin so it is easy to understand what sorts of creatures provoked such terrible notions and effected such horrific violence against a people who were willing to share. However, they are no longer willing to share with the ANC; a criminal government of murderous Commie thugs. The Khoisan are no longer willing to put up with the slaughter and maltreatment of not only Whites, but all people of colour who are being oppressed and murdered by those Jew led vermin in Pretoria. That is a fact and it is that fact which has led to a momentous historic event; the nascence of a new nation; a nation of united peoples who will no longer tolerate oppression and criminal malfeasance by Jew led Communist Demons in South Africa. Hence, the King of the Khoisan People of South Africa has declared the secession of his nation and has split South Africa into two pieces; the South West now being The United State of Good Hope.

King Khoebaha Cornelius III is the legitimate ruler of the Khoisan and the true ruler of the region now named, The United State of Good Hope, a country that does not believe in diamonds, emeralds and gold. The USGH is a nation founded on a much higher intelligence than the 'rich' region which is being given to the ANC, who think baubles and bling are the things of value. Of course, the brilliant King of Good Hope knows food is the real treasure and the land that is his, is some of the richest agricultural land on the planet and can become the globe's bread basket. That is a fact. And it is because it is True that we can not live without food, and we can not eat diamonds, that the new nation founded on noble principles which recognize the worth of the individual and a desire to help everyone thrive and prosper in a nation that is a light to the world that it will succeed. It is meant to succeed because the Hand of God is upon this Great Idea; the one and only solution to the troubles in South Africa and a refuge for all who have to flee the coming slaughter which the ANC is hell bent upon launching in December.

White People and Coloured People who are the intended victims of the ANC now have a place to flee. They must be helped to get away from the horror which is already upon them. And yet, it is a fact that most countries have turned a blind eye to what is happening. Why is that? It is because the Jew controlled Main Stream News is not showing this Truth to the hypnotized ignoratti. Hence it is a fact that we have to take a stand and help the United State of Good Hope to come to fruition by encouraging everyone we can to take up the struggle and declare the new nation legitimate and viable. We need to help fund this new adventure in nation building because it will need help because most assuredly the Commie Thugs of the ANC are not going to take this secession lightly. There may very well come a bloody civil war. Of course that is not what King Cornelius wants and neither does anyone else in The United State of Good Hope. The people want a peaceful transition and that is why they have given up the gold and precious stones. Hopefully the ANC accepts that as payment enough and will leave the brave new nation alone to achieve what will be a glorious new country where everyone who will cooperate and play by the rules has an opportunity to achieve greatness and the joy all normal people seek for themselves and their children. The King of Good Hope declared it in his talk with Jeff Rense on Monday night, that he is a man who loves his people and his land and that God is on side. That is a fact. I don't question it.
