

The EXISTENCE AND ARRIVAL of PLANET X

Some of this information may rattle us a little, but we must know what tricks are being played on us.

Let's have a look at a few sources of Planet X information

1 Zac Sitchin

I have already said he gave 2078 as the arrival of Planet X.

Here is a site that says Sitchin was **WRONG, WRONG, WRONG!**

2 Carlos Ferrada

He was wrong about the arrival of Planet X – see the video I post here:

<http://stateofthenation2012.com/?p=5462>

In the video you will note Carlos Ferrada said Planet X would be 14 million km at its closest point to Earth in 1999 (which was wrong!!!) and travelling at 92 km/sec.

At around the 3 min mark you will learn that the velocity of heavenly bodies is **NOT** a constant. That is one of the problems we are having with pinpointing the possible location and time of arrival of Planet X to its nearest point to Earth.

If you go to the video Part 2, which has no English subtitles, the arrival for Planet X was again given by Ferrada as August 1999!

Of course this was wrong. Nothing happened.

Here is more:

See, they are all wrong about timing.

AND – it appears all the photos may be false!

3 Edgar Cayce

He gave no dates.

No REAL End of the World

On that page is this article:

Can you really swallow this BS:

<http://www.abovetopsecret.com/forum/thread867813/pg1>

**Here Cayce is supposed to have predicted a major Global Change in 1998.
He was wrong, was he not?**

4 Billy Meier

I wrote extensively in an earlier Members' Post about Billy.

<http://ufohunterorguk.com/2012/10/28/billy-meier-the-plejarens-dire-prophecies-7-planet-x/>

Here they have Nibiru presenting in 1997

More BS to discard:

5 Nancy Lieder And the Zetas

She and the Zetas have been revising dates for so long and so often, all we can do is laugh!

<https://www.youtube.com/watch?v=KE6ZIUQL-qU>

*

Here is another can of worms which exposes Lieder as a liar!

<http://www.badastronomy.com/bad/misc/planetx/lieder.html>

*

6 Marshall Masters And the Pleiadians

Yep, he relies on Carlos Ferrada, Edgar Cayce and the Pleiadians.

<http://2012-end-of-world.cyberwitchcraft.net/edgar-cayce.html>

**He relies on the Pleiadians (via a Medium) just like Billy Meier relied on them.
They both extol Zionism and its sources. So we know that Pathway is that of Evil!
How believable can Masters be in telling the truth when he pushes the Holohoax?**

**If the Pleiadians told him the truth,
why could they not tell him the Truth about the Holocaust,
just like the Red Cross did with absolute figures?**

**It is because he peddles in BS just as Billy Meier and the Pleiadians do!
It is interesting to note that the Zetas, through Lieder, call Masters a liar!!**

7 Texe Marrs

Here he makes a complete biblical idiot of himself:

8 NOSTRADAMUS

He was wrong too, apparently, forecasting an End in 2012?

9 RUSSIA

Even the Ruskies got it wrong.

So, we have to ask: What sort of evidence are all these mugs using to make their forecasts?

10 NASA

Being a USA department, you know you are NOT going to get any truth, right?

Instead of telling what it knows, so that people could prepare spiritually, facts are hidden.

Those in charge have no idea what preparing spiritually means.

All they want is to prevent madness that will occur when fools hear the truth.

In a sense who can blame NASA for being quite in this issue?

This site is worth a look.

Comet-Planet Identified, Orbital Trajectory Verified by Renowned Astronomer — PART II

By now you know most of the information on this page.

What intrigued me was the very last paragraph which says that the orbit (of Planet X) changes DAILY and no accurate forecast of Earth changes can be made !!

12 Haidekhan BABAJI

His must be the Final Word.

He told me direct in 1990 that

“When the Blue Star appears, our work will be done, and we will go Home.”

When the Blue Star appears, and we can see it with the naked eye, that screaming of Joy you will hear, no matter where you are, will be from me!!

He did not specify a time.

He did not explain what ‘our work’ is.

He did not say who “we” are.

We assume “Home” is our Divine realms.

Until the Blue Star appears, we wait

I must admit I am rather glad I have not had a great deal of publicity with my information, for the result could have been pandemonium for which I could be blamed.

Let the fools find out for themselves in their own time!

"No one loves the messenger who brings bad news"

Sophocles (442 BC).

Liberation from this Darkness and Evil will be seen by the fools to be nothing but bad news!

Did I guess right when I said that **The entire Solar System is doomed?**
