

# How Trillions – drawn and then diverted ‘*From Thin Air*’ – Literally Bought And Corrupted Our Entire Planet

by Rich Loomis

Below are some amazing 3d graphics produced by Demonocracy.info (actually an older version from some years ago) that help to illustrate how a “mere” \$20 trillion easily funds a *global* corruption-takeover. [https://demonocracy.info/infographics/usa/us\\_debt/us\\_debt.html](https://demonocracy.info/infographics/usa/us_debt/us_debt.html)

\$10,000 denominated in \$100 dollar bills, stacked:

\$1 million - equal to 92 years of work for the average person worldwide:

\$100 million on a pallet - the couch is \$46.7 million, itself:

A full \$1 Billion – starting to add up:

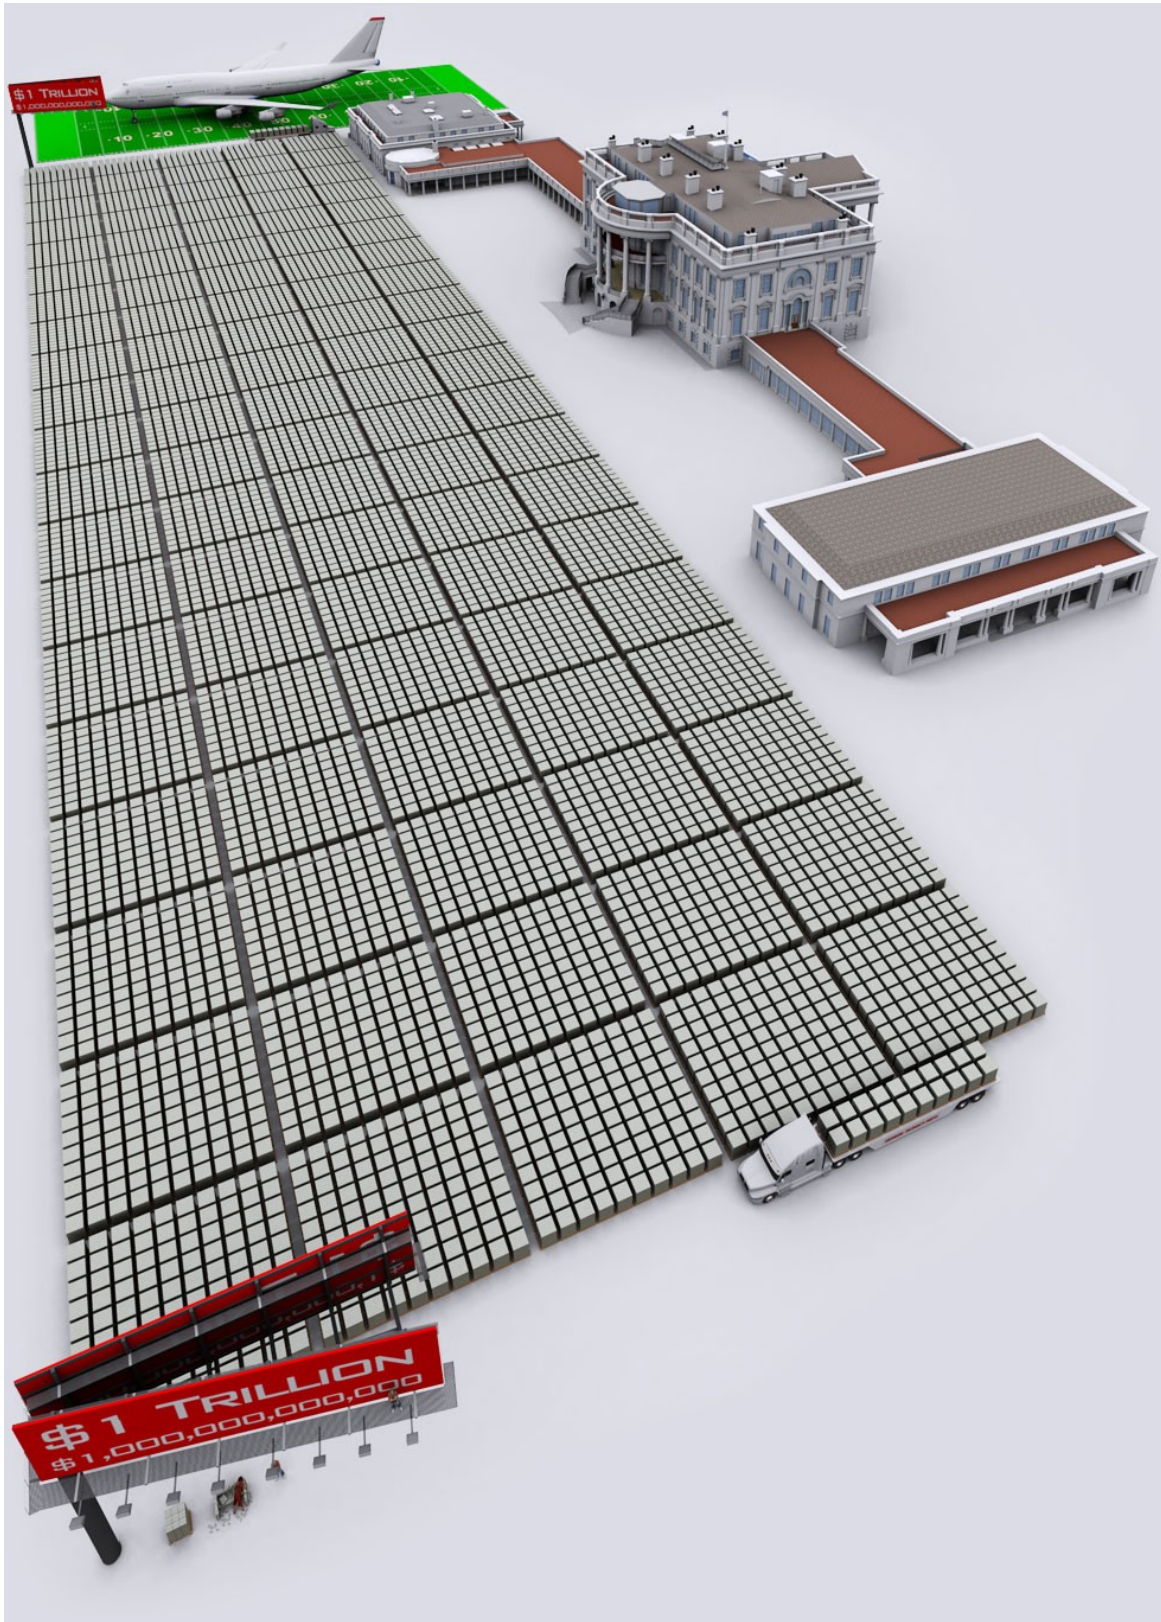

\$1 trillion, as viewed from a front low angle:

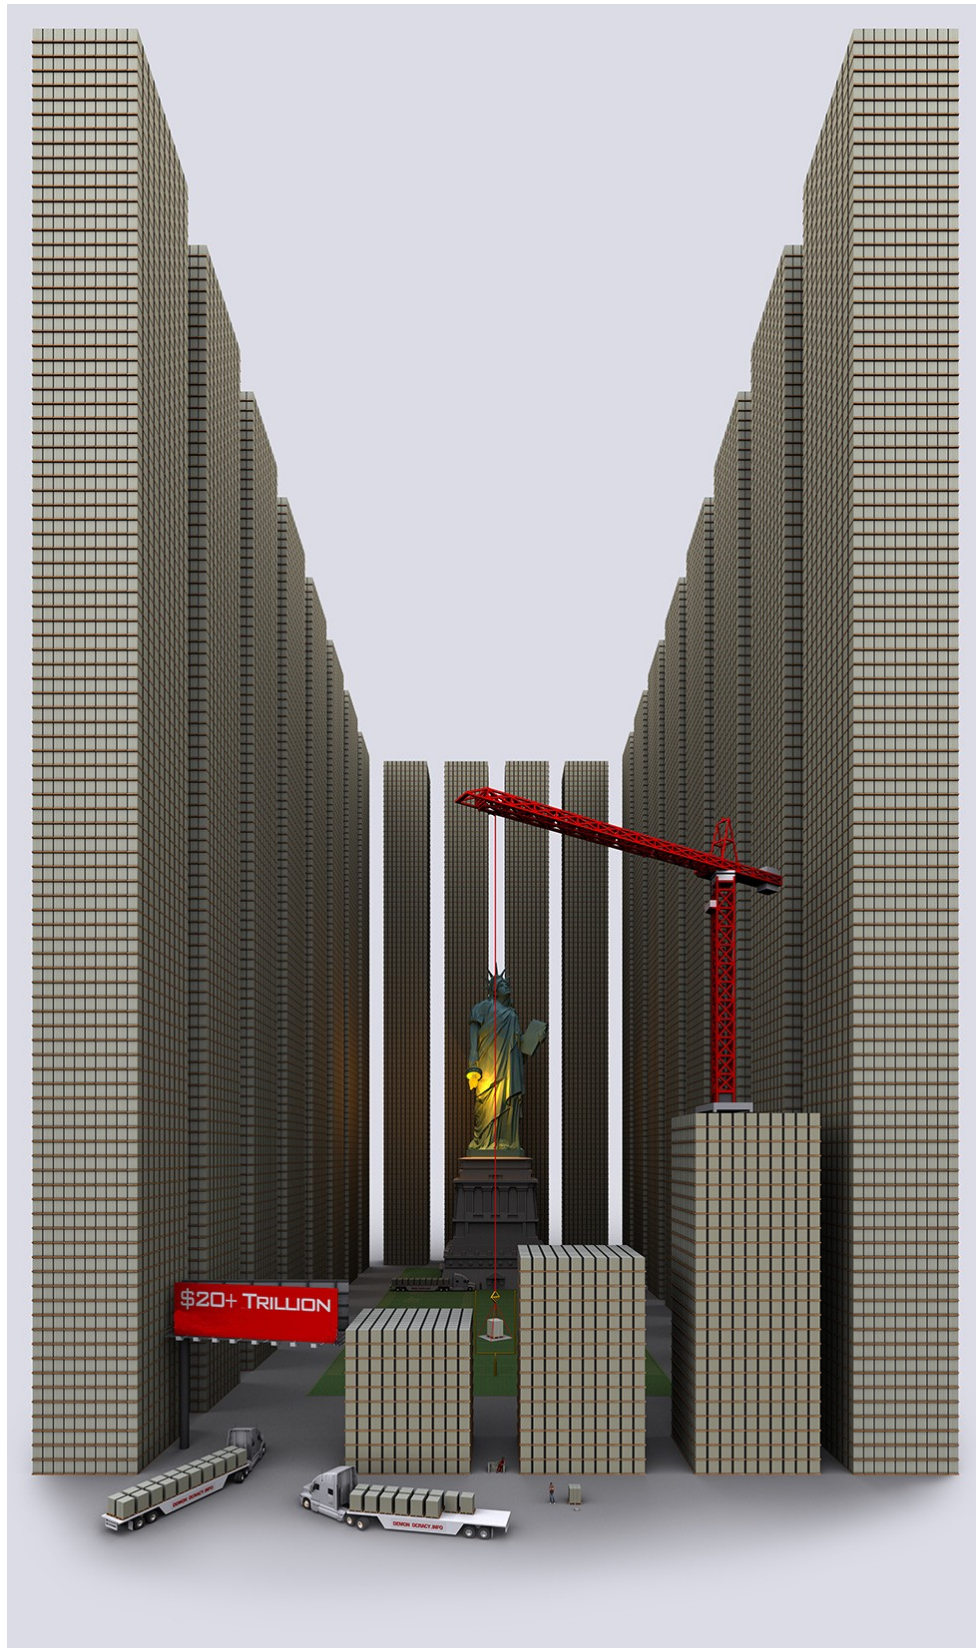

Overhead view of the \$1 trillion, contrasted with the White House:

Finally, here's \$20 trillion bucks. (Does that look like enough to perhaps “influence” a relatively few powerfully-positioned people worldwide?)

But guess what – the actual total of “diverted” funds hugely exceed even that bountiful measure!

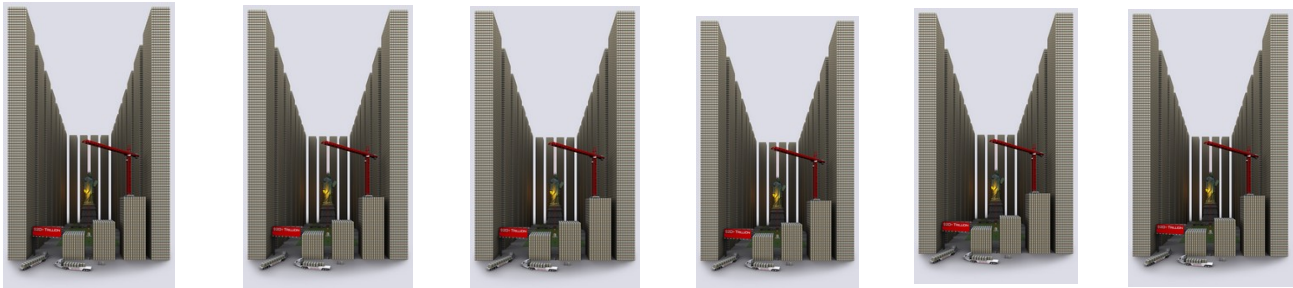

## From \$21 Trillion to \$94.7 Trillion: The Pentagon’s Escalating Financial Discrepancies

Back in 2019, we poked fun at the Department of Defense (DOD) for, as we put it, “losing \$21 trillion.” That colossal sum represented what the Pentagon’s inspector general called “unsupported journal voucher adjustments” between 1998 and 2015.

But as it turns out, the \$21 trillion was just the tip of the iceberg. Bloomberg News reports that the DOD recorded a staggering \$94.7 trillion in accounting adjustments for fiscal years 2017, 2018, and 2019 combined.

<https://www.nestmann.com/about-that-missing-94-7-trillion>

Therefore adding the “missing” 21 trillion from 1998 – 2015 to the “missing” 95 trillion from 2017 – 2019 totals **116 trillion dollars** diverted into the pockets of the globalist elites. So the massive 20 trillion dwarfing the Statue of Liberty now looks closer to the depiction below – nearly six times more -- from JUST ONE global source:

But let’s not limit ourselves (or our NWO elites) to corrupting just a few million critically-positioned power players around the globe . . rather, let’s expand our bribery/blackmail scheme to include virtually ALL well-placed power brokers in government, banks, industry, news media, education, military, entertainment, medical, even local school boards, worldwide!

Let’s begin with our own nation.

There are approximately 520,000 elected officials in the USA, including both national level AND all lesser entities such as states, counties, cities, etc.

<https://poliengine.com/blog/how-many-politicians-are-there-in-the-us>

If the globalists bribed (or deliberately groomed and gradually emplaced) each of them via an investment of ten million dollars, that would total only 5.2 trillion dollars. Or – being rather more generous – if all of the elected officials received **100 million dollars** in return for a subsequent *do-what-we-say-or-else* future obedience, it would total only 52 trillion dollars.

There are approximately 233 nations on the planet. <http://everypolitician.org/> All told, some 80,000 or so elected officials run these national-level governments. Assuming that the globalists bribed (or groomed and emplaced) *each of them* via an investment of ten million dollars for their “on demand” vote and future obedience, it would total only .8 trillion dollars. Or – opting for major “generosity” -- if each official received **100 million dollars** for accepting a *do-what-we-say-or-else* future obedience, it would total only 8 trillion dollars.

Therefore, to control virtually ALL politicians in the USA at every level and control all national-level politicians around the globe, it would require an “investment” of only 60 trillion dollars. But let’s posit that one wished to also bribe/control many “regional” officials in each of the 232 remaining nations – so let’s double the already massive 60 trillion investment up to around 120 trillion. *That sum purchases nearly EVERYONE in power, planet-wide.* Any stalwart souls resisting the bribes/blackmail would soon find themselves shunted aside, “retired” or otherwise “eliminated” via “natural causes” etc.

And as we have seen, the U.S. Pentagon alone has certifiably “kicked back” *at least* \$116 trillion of the suggestively-budgeted \$120 trillion to the globalists! How much *more* than \$116 trillion might have long since been contributed by OTHER “big budget” U.S. sources?

Nor should we dismiss the likelihood of lesser – but still significant -- funds diverted from all the other 232 nations on planet earth?

Wouldn’t the aggregate totals likely *far exceed* the Pentagon’s approximate 120 trillion contribution? Perhaps up to \$300 trillion? \$500 trillion? ***And virtually ALL OF IT created out of “nothing” anyhow, via a mere fiat-money bookkeeping entry!!***

“Elon Musk says he and DOGE found 14 ‘magic money computers’ that create money out of thin air . . .”

In view of how easily massive sums are “diverted” from gov’t/public institutions around the globe, the NWO Jewish/Occultist elites self-evidently do not need to invest even

ONE PENNY of their own vast trillions! How they must laugh at our culpability and naivete and oblivious willingness to be “sheared” like idiot sheep! Quite literally PAYING for our own captivity/genocide and permanent ruin of nations! Like some Mafia Don having one of his “specialist” gang members *pick our pockets* -- whereby to then pay an imported, vicious “hit man” for our subsequent murder. Priceless!

It would be well to remind ourselves however, that even though it has been illustrated that an *exorbitant* bribe of \$100 million dollars per person can easily be accommodated via fiat invention/distribution, in real life often the mere promise of an easy election/emplacement and decent salary (such as today’s typical \$174,000 per person in Congress) is sufficient to elicit “loyalty” – especially when combined with blackmail, a la Epstein or equivalent!

Per the (attributed) observation from Napoleon Bonaparte:

*‘The surprising thing is not that every man has his price, but that how low it is.’*

In view of this low-ball aspect of real-world avarice and greed, we might find (if we could peer into the NWO bribery ledgers) that our “proposed” sum of \$120 trillion to BUY THE PLANET might actually consist of less than a third, wherewith to adequately get the job done.

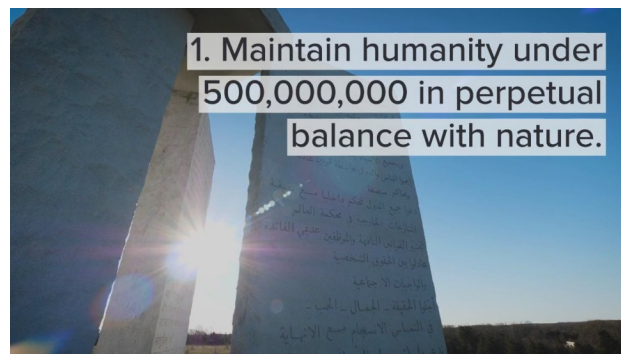

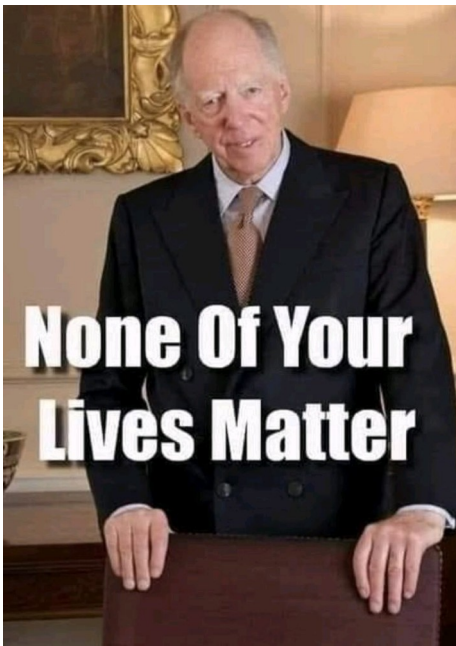

Recall the (patriot-demolished!) Georgia Guidestones, wherein the elites literally “wrote in stone” their intent to reduce earth’s population of 8 billion or so down to a more “manageable” one-half billion (consisting of a few million Jews/occultists ruling over a planet of captive/adoring goy sex slaves and servants) per the following edict:

By which the following items make more sense:

---

Brought to you by the “brilliant” and “chosen” and “unfairly persecuted” tribe as depicted below, waving a chicken over their heads such that their sins (of which there are *many* – and they *know* this in their black hearts) will thereby transfer to the bird and leave THEM blameless! (Can’t make this stuff up . . seriously!)

Far from being smarter or better, they are merely brought up since early childhood to be more venal, lying, corrupt, murderous *and semi-cooperative among themselves against the world* . . UNTIL such time as they DO bring ruin upon the planet . . whereupon they will begin slaughtering themselves for ultimate claim to “leadership.” (One might suspect that the “occult/satanist/humanist” elements presently in collusion with the “chosen ones” will end up dispatching the *Kol Nidre* rabbinical whackos – until the prophesied “Sixth Seal” meteoric impact event in the Book of Revelation humbles the entire planet – amen.)
